I avoid investing in tech, and prefer holdings with real tangible assets with predictable cash flows. Yields of 8.3% and 9.2% with TTM payout ratios of 68% and Index stocks and their price, estimated dividend, yield, and bar graph are updated daily. Table can be sorted by stock name or yield. Dividend yield refers to a stock's annual dividend payments to shareholders, expressed as a percentage of the stock's current price. For example, Microsoft pays an annual dividend of \$1.44, and ...Apple Inc., together with subsidiaries, designs, manufactures, and markets mobile communication and media devices, personal computers, and portable digital music players; and sells related software, services, peripherals, networking solutions, and third-party digital content and applications worldwide.
