

Download Easy Way To Learn Glycolysis

Der kostenlose Service von Google übersetzt in Sekundenschnelle Wörter, Sätze und Webseiten zwischen Deutsch und über 100 anderen Sprachen. Citing and more! Add citations directly into your paper, Check for unintentional plagiarism and check for writing mistakes. In the reactions of glycolysis, the six-carbon glucose is initially phosphorylated – that is, it has a phosphate group appended to it. The resulting molecule is a phosphorylated form of fructose (fruit sugar). The aerobic system accesses a massive store of virtually unlimited energy. On this page you'll learn how this system will keep you chugging along forever without ever letting you get out of 2nd gear!
