

# Download Examples Of Compound Machines Around The House

By – Jessica Koon Primary Subject – Science Secondary Subjects – Grade Level – 4-6. The following worksheets, rubrics, etc. will be used with this unit. 1) Jack fell from the tree. Jack broke his hand. 1.A) Compound: Jack fell from the tree AND broke his hand. Notice the CONJUNCTION in between the sentences. 2) I bought a new computer BUT it wasnt ...Did you know that an elevator is actually one of the six simple machines? Help your child understand how the pulley works with this worksheet. A crank is an arm attached at a right angle to a rotating shaft by which reciprocating motion is imparted to or received from the shaft. It is used to convert circular motion into reciprocating motion, or vice versa.
