

# Download How Old Is The Odyssey

The Odyssey, attributed to Homer, is commonly dated to around 800 BC, written on the author's home Ionia, now the oceanside coast of Turkey. How old is Telemachus at the start of The Odyssey? Telemachus was born just after Odysseus left for the Trojan war. The war lasted 10 years, and Odysseus journey takes a further 10 years. The Odyssey (/ ˈ ɒ d ɪ s i /; Greek: ???????? Odýsseia, pronounced [o.dýs.sej.ja] in Classical Attic) is one of two major ancient Greek epic poems attributed to Homer. It is, in part, a sequel to the Iliad, the other work ascribed to Homer. Best Answer: Well, the Trojan War lasted 10 years and his voyage in the Odyssey lasted 10 years, so we can count 20 years there. We know that he was married and his son was born before he went to Troy so we can that he was at least around 20 before the war.
