DU MSc Entrance Exam Syllabus 2016 Hello readers. It is Praveen Chhikara. I like the syllabus of DU Entrance Exam for MSc Mathematics. It consists of every major topic of mathematics. Every topic is stretched to a sufficient level. It is very similar to the syllabus of CSIR-NET Mathematical Science. But no need to worry...D.U. M.Sc. Mathematics Syllabus Elementary set theory, Finite, countable and uncountable sets, Real number system as a complete ordered field, Archimedean property, supremum, infimum. Sequence and series, Convergence limsup, liminf. Bolzano Weierstrass theorem, Heine Borel theorem. Examination – 2016 Note: Each theory paper is divided in three parts i.e. Section – A, Section – B and Section – C Section A: Will consist of 10 compulsory questions.
