

Download Musketeer Cloak

The Musketeer first came into fame under King Louis XIII of France. He kept a company as his personal guard and they were the inspiration of Alexander Dumas' series of novels. A musketeer (French: mousquetaire) was a type of soldier equipped with a musket. Musketeers were an important part of early modern armies, particularly in Europe, as they normally comprised the majority of their infantry. While a lower tiered unit, the Musketeer can be useful in Tower of Trials and Spirit Highlands when transcended. Italic rows are common Support Breakpoints. The Master Cloak, or Abaddon's Cloak, was the original Shimmercloak, made first by Abaddon and later copied by the Order of the Broken Eye for their Mistwalkers. Teia used this cloak on her first mission with Murder Sharp.
