The Brothers Karamazov is a passionate philosophical novel set in 19th-century Russia, that enters deeply into the ethical debates of God, free will, and morality. It is a spiritual drama of moral struggles concerning faith, doubt, judgment, and reason, set against a modernizing Russia, with a plot which revolves around the subject of patricide. Those are the concluding words of this bombastic brick of a book. I am more than willing to chime in, to cheer for the brothers Karamazov who finally, finally made me give in to the genius of Dostoevsky fully, without anger, without resentment and fight, after a year of grappling with his earlier novels. THE BROTHERS KARAMAZOV, which is one of Dostoyevsky's all time best, perhaps the best, adds to make him perhaps the best writer of all times. The author came up with so many great ideas and characters that are so real to life even in their complex emotions and rationales that we relate to the characters as if we are in their heads.
