The Story that comes within the Novel Under The Dome is not lesser than a great Sci-Fi that horrifies anyone who may think about being trapped in a transparent dome on the whole city. Planes crash into it and fall from the sky in flaming wreckage, a gardener's hand is severed as "the dome" comes down on it, people running errands in the neighboring town are divided from their families, and cars explode on impact. No one can fathom what this barrier is, where it came from, and when -- or if -- it will go away.
